

On the Subject of Pictionary

"What do you mean you don't see it?! Its Obvious!"

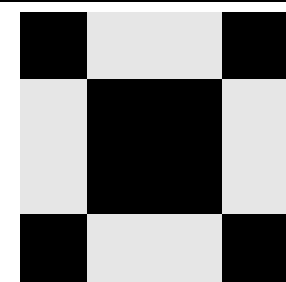

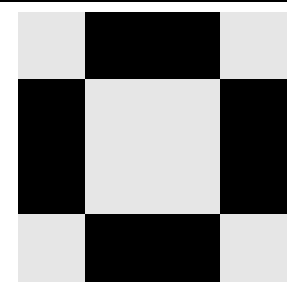

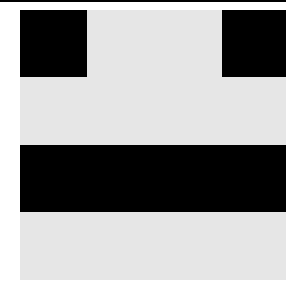

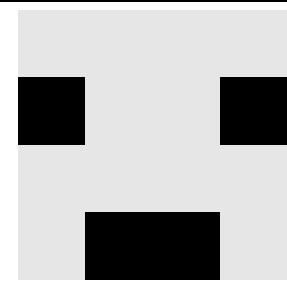

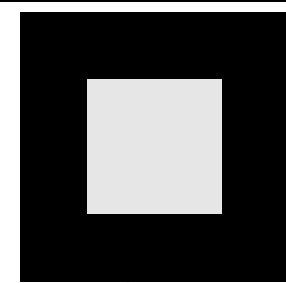

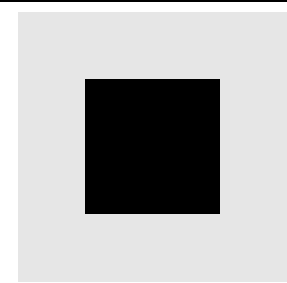

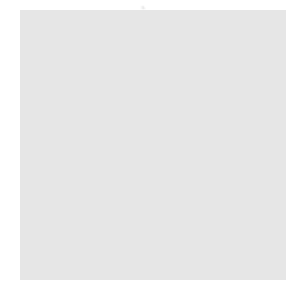

Pictionary Modules have two main parts:

- The Screen: This is a 4x4 grid of black and white pixels.
- The Keypad: Use this to enter the code.

Pictures

Each 2x2 corner of the screen will have part of a picture from below. Compare that corner with the same corner of each picture until a match is found. Once a match is found, use the number in the same corner as the number grid to the right of the picture to find part of the passcode.

	<table><tr><td>0</td><td>1</td></tr><tr><td>4</td><td>2</td></tr></table>	0	1	4	2		<table><tr><td>3</td><td>6</td></tr><tr><td>0</td><td>1</td></tr></table>	3	6	0	1
0	1										
4	2										
3	6										
0	1										
	<table><tr><td>4</td><td>0</td></tr><tr><td>2</td><td>0</td></tr></table>	4	0	2	0		<table><tr><td>5</td><td>3</td></tr><tr><td>5</td><td>5</td></tr></table>	5	3	5	5
4	0										
2	0										
5	3										
5	5										
	<table><tr><td>2</td><td>4</td></tr><tr><td>6</td><td>8</td></tr></table>	2	4	6	8		<table><tr><td>7</td><td>5</td></tr><tr><td>1</td><td>3</td></tr></table>	7	5	1	3
2	4										
6	8										
7	5										
1	3										
	<table><tr><td>1</td><td>2</td></tr><tr><td>3</td><td>4</td></tr></table>	1	2	3	4		<table><tr><td>9</td><td>8</td></tr><tr><td>7</td><td>6</td></tr></table>	9	8	7	6
1	2										
3	4										
9	8										
7	6										

Passcodes

Using the four numbers obtained above, read the numbers for each corner in reading order to create the passcode. Once made, enter it with the keypad.

NOTE: If the password is wrong, the image will change, creating a different code!
